

## ICLRS Schedule 2006

20.00-		<b>Tuesday</b>	
		Reception	
		<b>Wednesday</b>	
	<b>Session 1</b>	<b>Session 2</b>	<b>Session 3</b>
08:30 - 09:00		Opening Announcements	
09:00 - 12:30	Processes Affecting the Fate of Organic Compounds in Landfills	Landfill Bioreactor Landfills: Full-Scale Implementation Issues	Long-term behaviour of ashes in landfill constructions
12:30 - 14:00		Lunch	
14:00 - 16:00		Posters	
16:00 - 18.30		Olympic games	
19:30 -		Social Event/Dinner	
23.00 – 01.00		Midnight course	
		<b>Thursday</b>	
	<b>Session 1</b>	<b>Session 2</b>	<b>Session 3</b>
10-13:30	Techniques for Analysis of Organic Solids Decomposition	Movement of Liquids in Refuse and Cover Materials	Ground-Based Remote Sensing to Characterize Landfill Gas Emissions
13:30 - 14:30		Lunch	
14:30 - 15:30		Posters	
16.00 - 19:30	Molecular Techniques in Landfill Microbiology	Limitation of standard leaching procedure for assessment of redox sensitive element in waste	Microbial Oxidation of Methane in Landfill Covers and Biofilters
20.00 -	Dinner followed by Svante Lindqvist and Ulf B. Jonsson: Music and more from two men with a bright future behind them.		
		<b>Friday</b>	
	<b>Session 1</b>	<b>Session 2</b>	<b>Session 3</b>
9:30-12:30	The Influence of Solid Waste Management Strategies and Waste Steam Composition on the Presence of Organic Contaminants and Dissolved Organic Matter in Landfill Leachate	Life-Cycle Assessment of Landfills as part of an Integrated Waste Management Strategy	Fundamentals and new developments in the in-situ aeration of landfills
12:30-13:30		Lunch	
13:30-15:30	Integrated discussion on landfill stabilisation and sustainable landfill	Landfill Process Modelling	
15:30-16:30	Session Outcomes and ICLRS 2008		
18.00-	Dinner and Poster Awards, <a href="http://www.willyclayband.com">Willie Clay Band</a> ( <a href="http://www.willyclayband.com">http://www.willyclayband.com</a> )		

Coffee breaks in the morning and afternoons according to session planning.
